

14 FT 2-PIECE ROUND ALUMINUM ARM KITS

DoorKing Part Numbers
1601-524 Standard 2-Piece Arm
1601-528 2-Piece Break-Away Arm

These kits are designed for use on a 1601 or 1603 barrier gate operators **ONLY**. These kits have 2-7 ft arms that assemble into a 14 ft arm. **ONLY** the 1601-528 kit has 2 extra holes on the arm that allow connection to a DoorKing break-away bracket if desired.

Assemble Arm

Note: Drawings not to scale

Installation

1. Insert the coupler half-way into the first arm and **secure** with the supplied screws through the pre-drilled holes. The warning labels **MUST** be in the **middle** of the arm.
2. Insert the coupler into the second arm being sure to align the red/white stripes and secure through the pre-drilled holes. **DO NOT INSERT COUPLER INTO THE SECOND ARM UNTIL THE FIRST ARM IS SECURED TO THE COUPLER WITH THE SUPPLIED SCREWS THROUGH THE PRE-DRILLED HOLES!**

14 FT 2-PIECE OCTAGON ARM ASSEMBLY

DoorKing Part Number

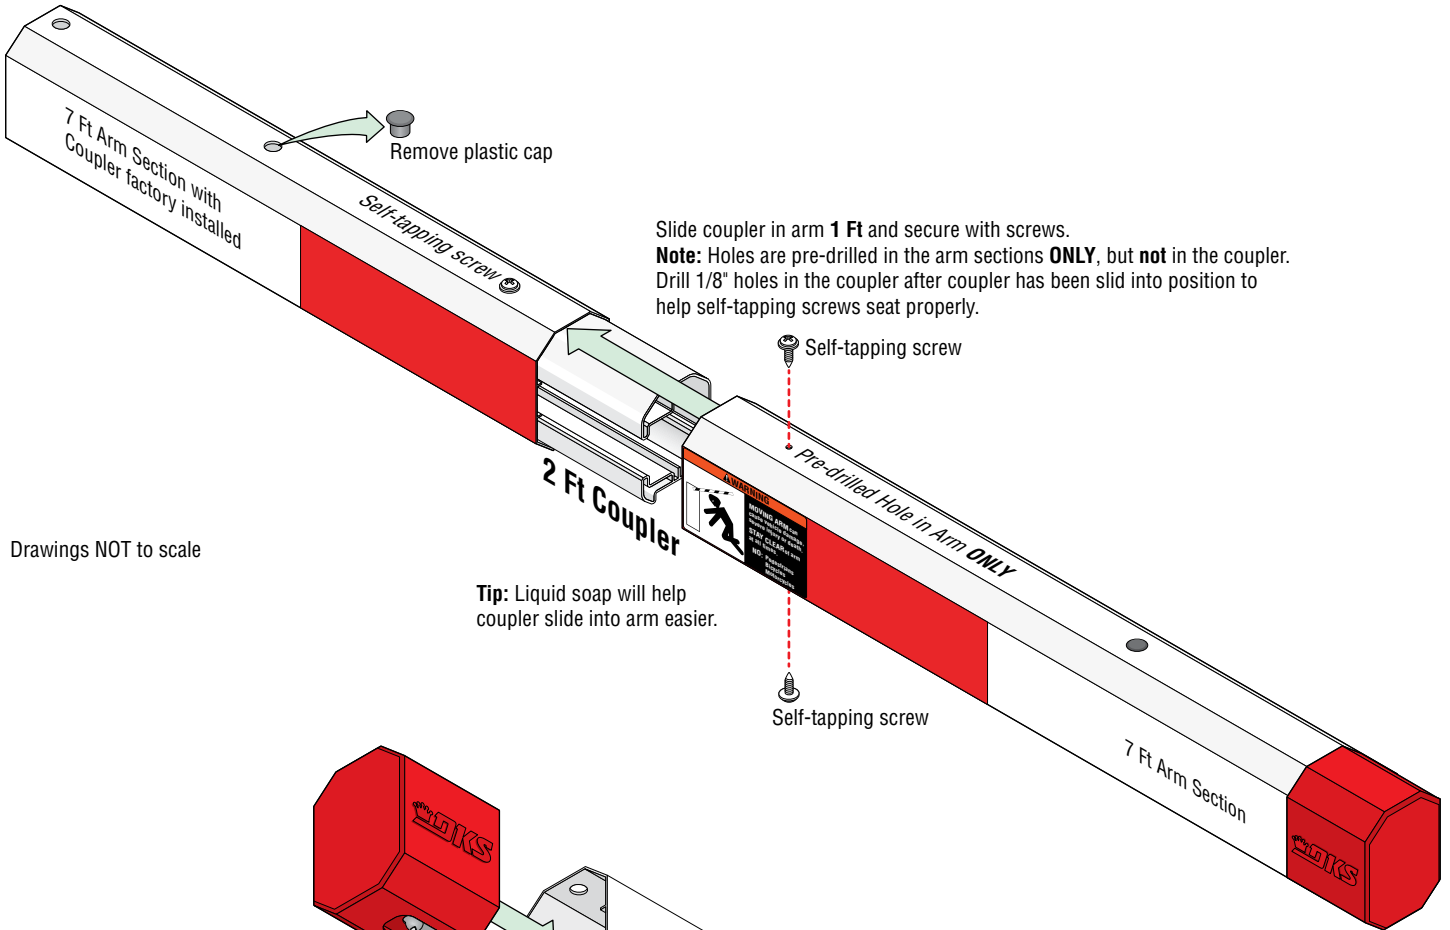

1601-567

14 Ft 2-Piece Octagon Arm Kit

This kit is designed for use on a 1601 barrier gate operator **ONLY**. It has 2-7 ft arm sections that assemble into a 14 ft arm.

A reverse edge can be installed on this arm. It is sold separately but **highly recommended** for safety.

Assemble 2-Piece Arm

Install End Cap

Push a screwdriver through the hole in cap to release spring **while** pushing cap on. Keep pushing cap on until a "**CLICK**" is heard, locking it in place.
